FAPRA SUPPORT

'The FAPRA aims to promote the growth and development of the retail industry in Asia-Pacific and to continually improve all aspects of the retail industry in which we operate - environment, social, economic. Through our biennial APRCE and other forthcoming programmes, we hope to put into action this vision and focus on activities to benefit the retail community, and to build retail shareholder value by making FAPRA a truly sustainable and relevant Federation'

Mr Lorenzo C. Formoso, Chairman, FAPRA & Chairman, Philippine Retailers Association (PRA)

'Since 1983, The Asia-Pacific Retailers Convention & Exhibition (APRCE) has developed and strengthened over 30 years to be the largest international retailers' convention in the Asia-Pacific region accompanied by a retail exhibition. So did FAPRA, and today, it is a Federation that encompasses 18 associations within her umbrella. The numbers of consumers and retailers, that these 18 associations address to, and employees who work within those retail companies are remarkably huge and peerless in the World.

We owe this strength of this institution called FAPRA and the event APRCE to the founders of FAPRA. And also, to the strong ties within the retail communities in the region, without which, this outstanding institution and event would not have survived the dramatic changes in the global business throughout these years and proven to be a long-standing institutions.'

**Mr Mehmet Nane, Vice Chairman, FAPRA and Deputy Chairman,
Turkish Federation of Shopping Centres & Retailers (TAMPF).**
